

ANTI-THROW SCREEN PROJECT DATA SHEET

PROJECT	Sir Lawrence Hargrave Drive
CLIENT	BMD Construction
PRINCIPLE	Roads and Maritime Services (RMS) Formerly RTA
WALL TYPE	Transparent Plexiglas Acoustic / Anti-Throw Screen
SCOPE	Fabricate, Supply and Construct transparent plexiglas panel wall to serve as both an acoustic barrier against traffic noise for nearby residents as well as acting as an anti-throw screen protecting vehicles travelling underneath the overpass from objects being thrown from the bridge.

PROJECT DETAILS

- > Steel frames are fastened to the bridge concrete crash barrier using chemical anchors.
- > All panels are fitted with safety 'fall' restraints as an added safety measure.
- > All panels contain fine vertical black lines embedded within as a visual deterrent to minimise bird-strike.
